Summary

I'm an Information Technology student at Southwestern University (Dean's Lister, expected to graduate in 2027) with hands-on experience in web development, programming, and networking. I've earned certifications in Java, HTML, UI/UX design, and computer networks. I'm skilled in PHP, Firebase, SQL, Kotlin, and JavaScript. I enjoy working in a team, solving problems, and learning new technologies. I'm looking for opportunities where I can apply my skills and grow in the tech industry.

Career history

Programmer at Southwestern University

Jul 2023 - Present (1 year 9 months)

Built and deployed 3+ academic web, android and software projects using PHP, Firebase, Node and Kotlin, gaining real-world experience in full-stack development and team collaboration. Earned 7 certifications across Java, HTML, UI/UX, and networking, enhancing my technical proficiency and problem-solving capabilities. While I do not have formal job experience yet, I have been actively building personal and school-related projects using languages and tools like PHP, Java, SQL, Firebase, Python, and Kotlin. I am eager to apply my knowledge in a real-world environment and grow as a professional in the tech industry.

Skills

Hard Working, Willingness to Learn, Team Building, Team Work, Kotlin Programming Language, Java Programming, Web Development, HTML5, HTML, CSS, JavaScript Programming, Tailwind CSS, Python Programming, SQL Query Language, PHP Programming, Firebase

Languages
